Dear Mr. Sarfati,

I am very please to have been a part of this speech therapy session. It has opened my doors to new opportunities. I have gained a great deal of knowledge regarding stuttering as well as certain speech techniques that will aid me in reducing my stuttering. I am an inspired person filled with a new perspective on life. Before I entered the program, I felt hopeless; however, everything now have change for the better. The intensity of the program has taught me discipline and determination. These are values that I will forever cherish. I truly will like to extend my sincere gratitude to The Center for Communication Disorder for offering me this life changing opportunity.

**Yours Truly,
Lazaro Lloyd**
